

2 IN 1 LAMINATOR (OL 300-C)

A3 laminator with integrated cutting unit – ideal for frequent use in a small to midsize office environment.

- Innovative technology – more environmentally friendly with up to 75% less power consumption compared to usual laminators
- Fast warm-up-time and throughput
- 2 heated rollers technology
- Laminates documents up to A3
- Cutting capacity up to 5 sheets (80 g/m²)
- ABS-function – allows manual remove of jammed laminating pouches
- Backloader technology for easy-of-use and reduces space requirements

Technical Specifications

| | |
|---|---------------------------------------|
| Model | OL 300-C |
| Product | 2 in 1 Laminator |
| Power Consumption | 600 Watt; 2.5 A / 100 Watt; 0.5 A |
| Dimensions (W x D x H) | approx. 438 x 130 x 90 mm |
| Dimensions (W x D x H) with paper / film holder | approx. 438 x 226.4 x 109.4 mm |
| Weight | approx. 1.60 kg |
| Preheating time | 2 min. |
| Laminating width | up to 320 mm (A3) |
| Laminating speed | 400 mm/min. |
| Pouch thickness | 80 – 125 mic, hot lamination |
| Cutting capacity | up to 5 sheets (80 g/m ²) |
